... are attached. In response to Abe's request, you will see that each case is now preceded by either an I or C, identifying the case as UST or hazardous waste. In addition, since the case tracking chart is getting so long, I only copied the "active" part of the chart for you all yesterday; attached is the full file, which really just adds "closed" cases to the what you got in hard copy. Let me know if there are any questions about this.

Thanks,
Carol
